SUMMARY

Software developer who has built projects in different technology stacks, improving coding and problem-solving skills. Strong foundation in data structures and algorithms, with a passion for learning and applying new technologies.

PROJECTS

Movie Villa

[Live Demo](#)

- Built a movie browsing website using Next.js and TypeScript, designed with a clean and responsive interface.
- Added features like real-time search, pagination, and dynamic sections for upcoming, top-rated, and popular movies using the TMDB API.
- Added detailed movie pages with smooth and easy navigation.

Recipe Harvest

[Live Demo](#)

- Developed a recipe website using React, Node.js, Express, and MongoDB.
- Implemented user login and registration, allowing users to securely save and manage their favorite recipes.
- Built an interactive interface for browsing, searching, and exploring recipes.

Arcade Pong Game

[Live Demo](#)

- Developed a classic Pong game from scratch using HTML, CSS, and JavaScript with smooth ball and paddle mechanics.
- Added interactive features like scoring and sound effects to make gameplay engaging.
- Built the game independently, demonstrating front-end skills and problem-solving.

INTERNSHIPS

Google Flutter Internship – PaceLab

[Credentials](#)

- Completed a one-week internship focused on cross-platform mobile app development using Google Flutter.
- Developed hands-on skills in Dart programming, UI design, and Flutter application development.

TECHNICAL SKILLS

- **Programming Languages:** C, Python, JavaScript
- **Web Development:** HTML, CSS
- **Databases & Tools:** MySQL, Git, MongoDB

EDUCATION

Bachelor Of Technology - Computer Science And Engineering

2019 - 2023

Mes College Of Engineering Kuttippuram | APJ Abdul Kalam Technological University

Higher Secondary – Science

2017 - 2019

GHSS Maranchery | Kerala State Board
